Funding Scheme for Industry-University-Research Partnership for Enterprises

I. Objectives

To align with the policy address of the Government of the Macao Special Administrative Region, the Science and Technology Development Fund (hereinafter referred to as the “FDCT”) is to launch the Funding Scheme for Industry-University-Research Partnership for Enterprises (hereinafter referred to as the “Scheme”) in accordance with the relevant provisions of the current *Public Financial Aid System of the Macao Special Administrative Region*, the *Statutes of the Fund for the Development of Science and Technology*, and the *Funding Regulations of the Science and Technology Development Fund*. The Scheme aims to encourage enterprises to focus on scientific research and development, facilitate the industry-university-research partnership in tackling technical issues occurring in their production and operation, provide part of the funding of R&D costs to enterprises that have successfully matched with their partners through the “Online Industry-University-Research Matching Platform” of FDCT, so as to promote the implementation of R&D achievements and solutions.

II. Target Group and Eligibility for Application

澳門特別行政區
Região Administrativa Especial de Macau
科學技術發展基金
Fundo para o Desenvolvimento das Ciências e da Tecnologia

Commercial entrepreneurs or commercial enterprises that fulfill the following conditions are eligible to submit application:

1. Enterprises registered in the Macao SAR for one year or more. In case of an incubated enterprise of a nation-level makerspace established in Macao, the required registration period can be less than one year.
2. Enterprises not in arrears with tax and social security contributions (if any) in the Macao SAR.
3. Enterprises having no less than three full-time employees. In case of full-time employees less than three, the applying entity shall be recommended by a nation-level makerspace established in Macao.

III. Application Period

1st-10th of each month in April, July and October 2024.

IV. Type and Scope of Funding

1. The funding type of the Scheme is non-reimbursable. The applying entity shall invest self-owned R&D funds in a supporting manner, and the amount of investment shall not be less than the amount funded by FDCT. In case of an incubated enterprise of a nation-level makerspace established in Macao, the amount of investment shall not be less than 50% of the amount funded by FDCT.
2. Funding scope: The proposed project shall be in line with the purpose of FDCT and the objectives of the Scheme, and

XXI. Maintain Communication with Other Government Entities

1. To ensure the proper allocation and utilization of public funds, FDCT may check with other government entities for relevant application information provided by applicants.
2. When necessary, the competent department has the right to access, audit, or verify the authenticity of the data submitted by applicants and whether the procedures for supervising the use of public money are appropriate. Applicants are required to respect, fully cooperate with, and provide real-time assistance to the personnel of relevant competent departments in their investigation work, and promptly provide and present relevant financial statements, receipts, and other documents.

XXII. Processing of Personal Data

The personal data in the application documents are only used by FDCT for processing and approving funding applications. To facilitate the approval of funding applications, applicants are required to consent to the transfer of data contained in the application documents by FDCT to other entities and to distribute it to the Project Advisory Committee for evaluation purposes.

XXIII. Other Notes

1. All application data shall be used for the purpose of the Scheme only. Applicants shall ensure that the documents and
