

Funding Scheme for Postdoctoral Researchers of Higher Education Institutions Final Report

I. Basic Information

File No.						
Applying Entity						
Principal Investigator						
Applied Amount	MOP					
Total Funding Amount	MOP					
Funding Received	1st phase		2nd phase		3rd phase	
Funding Type	Non-compensated					
Information of Postdoctoral Researcher	Name			Date of entry		
	Macao resident	<input type="checkbox"/> Yes, a returning researcher <input type="checkbox"/> Yes, a locally-trained researcher <input type="checkbox"/> No		Faculty/ laboratory		
	Transformation of achievements	<input type="checkbox"/> Yes <input type="checkbox"/> No		The most closely-related industry		
Implementation Period	From _____ (D/M/Y) to _____ (D/M/Y)					

Filling Date (D/M/Y): _____

Instructions for Filling out this Form

1. FDCT insists that researchers should have rigorous academic ethics, and ensure the seriousness in work. Please prepare the Final Report as request based on the actual research undertaken, and submit the corresponding supporting documents. Realistically reflect any undesired achievements or even failure to meet the objective of the research in the report.
2. FDCT will review the Final Report according to the progress and research deliverables stated. The remaining funding applications will be hindered due to any ineffective implementation or inappropriate arrangement for the research that may affect the progress of the project, or the delayed submission of the Final Report.
3. After the completion of the Final Report, FDCT may have followed up assessment on the project; therefore, the principal investigator (PI), kindly provides us any publications released or published where feasible within 3 years after the research period, for our reference and assessment for future evaluations.

II. Report on Activities

- 1. Work summary (It should include the project progress, objectives achieved, end date of research, months of research duration, existing problems and recommendations, support from the supporting institution, and future career paths of the postdoctoral researcher. In case of other issues needed to be specified, supplementary description is allowed. Within 800 words in total.)**

2. **Major progress of the research, achievements, related applications and benefits**
(Please describe the research progress, domestic and foreign updates on the research, comparison of research results, significant findings, transformation of achievements, application prospects, (potential) social benefits, (possible) economic benefits, etc., within 3,000 words.)

3. Table of Postdoctoral Research Output

Number of Conference papers	International Conference	National Conference	Regional Conference	Number of Journals	International Publication	National Publication	Regional Publication	
Collection in indexes	SCI/SCIE		EI	CPCI-S		ISR		
Number of Monograph	Chinese				English			
	Published		Awaiting		Published		Awaiting	
Number of Patent	Local Application		Chinese Mainland/ Hong Kong/ Taiwan Application		Overseas Application			
	Ongoing	Approved	Ongoing	Approved	Ongoing	Approved		
Number of Award	International Academic Award		National Level Award		Regional Level Award			
Academic Exchanges	Conduct International Academic Conference		Conduct Regional Academic Conference		Attend International Academic Conference		Attend Regional Academic Conference	
	No. of Meetings	No. of Participants	No. of Meetings	No. of Participants	No. of Meetings	No. of Participants	No. of Meetings	No. of Participants
Research Achievement	No. of Samples		No. of Products		No. of Manufactured Products			

Note: 1. Numbers filled in this table should be consistent with the “Summary Table of Postdoctoral Research Achievements”.

2. Sample refers to un-inspected specimen; Product refers to already inspected specimen; while Manufactured Product refers to commercialized product.

4. Local and non-local academic exchanges

Title of Conference	Time	Venue	Organizer	Conference Report

Note: Please rank them in order of priority.

III. Financial Report

Item	Amount (MOP)
Accumulated amount received (A)	
Accumulated expenditure (B)	
Remainings (A-B)	
Implementation rate (B/A)	

IV. Project Assessment by Organization, Stamp and Signature of Person in Charge of Organization

Project assessment and suggestions by organization (More pages can be attached if necessary):

Declaration from Person in Charge of Organization:

I, the undersigned, hereby declare that the content of this Final Report is true and accurate; and in the future research, I will continuously provide any publications released or published where feasible at later research stage of this project to FDCT.

I hereby agree that FDCT could publish any content of this Final Report and the “Summary Table of Postdoctoral Research Achievements” to the public.

Stamp and Signature of Person in Charge of Organization: _____

Date (D/M/Y): _____

Attachments

I. Requisites

1. Summary Table of Postdoctoral Research Achievements.
2. A compact disc containing the Final Report and the relevant attachments.
3. A payment receipt of postdoctoral research funding with personal signature.

II. Other attachments

1. The electronic version of the full text of paper (The official notification should be attached if a paper is not formally released).
2. The title page, copyright page, work cited page, core contents of monograph (The contract of publication should be attached if a monograph is not formally published).
3. The copyright page of patent/standard (The acceptance certificate should be attached in case of not being officially granted).
4. Certificate of award.
5. Applications and effects of research project with supporting documents attached.
6. Others.
